Travel and Expense Policy

Document no. **FIN-002** Owner **Finance Team** Revised **2026-03-01** Classification **Internal**

1. Basic Principles

- All expenses must be business-related and reported through 'Contoso Pay' with qualified supporting documents.
- The corporate card is the default payment method. If you pay with a personal card, you must state the reason.

2. Meal Limits (per person, VAT included)

Meal	Limit per person	Notes
Breakfast	KRW 10,000	
Lunch	KRW 15,000	
Dinner	KRW 30,000	The same limit applies to team dinners (evening)

- Team dinners are reimbursable up to 2 times per month. When submitting the expense report, you must enter the attendee list and the headcount.
- The per-person amount is calculated as 'total amount paid ÷ number of attendees'. Any amount over the limit is borne by the individual.

> Alcohol is generally not reimbursable. It is recognized only when an 'entertainment expense pre-approval request' has been approved for the purpose of entertaining customers. For team dinners without a pre-approval request, all alcohol costs are borne by the individual.

3. Entertainment Expenses

- Customer entertainment is recognized up to KRW 50,000 per person per occasion. If the amount is expected to exceed this, a pre-approval request to the Division Head is required.
- Entertainment expenses cannot be reimbursed without a pre-approval request. Record the customer's company, name, and the purpose of the entertainment.

4. Business Travel Expenses

Item	Domestic	International

5. Supporting Documents and Submission Deadline

- Expenses over KRW 30,000 require qualified supporting documents (corporate card sales slip, tax invoice, or cash receipt). Simplified receipts are accepted only for amounts of KRW 30,000 or less.
- Submit the expense report within 7 days of the expense date. After the deadline, a late-submission explanation and the Team Lead's approval are required.

6. Approval Authority (by amount per transaction)

7. Payment and Violations

- Once approved, payment is made to your payroll account within 3 business days.
- Expense reports that violate this policy are rejected and must be rewritten. Repeated violations may result in disciplinary action.
